

Apartment CV in Milan / Nomade Architettura e Interior Design

JANUARY 7, 2019

Project: Apartment CV
Architects: [Nomade Architettura e Interior Design](#)
Author: Selina Bertola
Location: Milan, Italy
Year 2018
Photography: [Simone Furlisi](#)

Soft intervention in an apartment located in a beautiful residential area of Milan. The apartment CV has undergone changes in terms of layout and systems, maintaining the existing layout that worked well at distribution level.

The renovation, however, was aimed at improving and enhancing the potential of the apartment, modifying kitchen, which has been opened to the living area and going to design most of the furnishings of the house create ad hoc solutions for the home.

The design choices are clean and elegant. Contrast of palettes on grays warmed by oak and teak wood accents. The choice of lighting is played between designer icons lamps (Luminator, Parentesi, Lampadina by Ac Castiglioni) and contemporary objects.
