NOMADE NEWS

Not just an Architecture studio...

OFFICE TRIP TO LISBON!

A weekend away, only for us

JUNE 2017

It is now a Nomade tradition, a weekend away, only for the members of the studio.
A way to escape a little from the routine, and spend some time together, like friends, other than colleagues.
What better way than exploring one of the nicest European Capitals... we loved Lisbon!
That romantic decadent character, the amazing food, the architecture, the tiles, and the lovely people.
Strongly Recommended!!
